About The Book

Progressions: Classics Vol. 2

Progressions: Classics was designed with the modern player in mind, taking the most common progressions in pop/rock music that are themed around the 1 chord, and giving guitarists a quick and easy solution to find new and creative ways to play these popular progressions.

As you use this book as a reference, you'll notice that the phrase 'position 1' or 'position 2' (etc) is used before the start of each progression. This is to signify which CAGED position the 1 chord is centered around for the various alterations of the progressions. This is important to note, this 'position' does not represent a specific 'position' or 'zone' of the neck to play in. This is primarily for those guitarists who are familiar with the CAGED system. If you aren't familiar with the CAGED system, simply disregard the word 'position' in this book and enjoy finding new chords on the neck!

As you use this book as reference guide, be sure to take notice that each chord has fret number notation next to it to signify where to play the chord on the guitar neck. Enjoy!

Progressions: Classics was designed with the modern guitarist in mind, taking the most common progressions in pop/rock music themed around the 1 chord, and giving guitarists a quick and easy solution to find new and creative ways to play these popular progressions.

Inside this book, guitarists will find 10 beautiful and distinct ways to play each progression in all 12 keys that not only utilize the entire guitar neck (for each progression) but also creatively incorporate alternate chord voicings in order to help guitarists create beautiful new expressions on their instrument. *Progressions: Classics* is the perfect field guide for any guitarist's gig bag, allowing them to play nearly endless creative chord expressions inside of common pop progressions in all key signatures, anywhere on the guitar neck!

About the Author:

Jeffrey Kunde is a studio musician, author, and instructor in Southern California. He graduated from California State University Sacramento with a Bachelor of Arts degree in Piano Performance.

He is a Grammy-nominated producer, lead guitarist of Jesus Culture, and co-founder of theguitarinstitute.co
